General Retail Industry Award 2010

Members are advised that the Fair Work Commission has introduced changes to the penalty rates payable to employees working after 6:00 p.m. Monday to Friday and for working on weekends on public holidays.

The changes are being staggered over the next couple of years, but the new rates apply from 1 November 2018.

Please find attached a copy of the new wage schedule. A copy will also be sent out to you in the post today.
